

## TERRITORY SALES PROFESSIONAL

### **Work for an industry leader!**

**Titan Logix Corp.** is looking for a sales professional to join its sales team. Working the Southern Alberta and Northern USA territories, the candidate should have experience selling in the bulk liquid transportation and aviation ground support equipment industries, the ability to sell to various levels within an organization from operators all the way up to the President. Strong relationship, presentation and communication skills are a key requirement to success in this position.

The successful candidate will be expected to prospect for new accounts, increase existing opportunities and achieve profitable sales goals. Candidates with previous sales experience in a related industry will receive serious attention.

This position will require extensive travel.
