

Application Data Sheet: Flo Pro 9100, SFT 835, SFT 881

Instructions: Complete as many fields as necessary to properly describe the application. Those marked by * are required fields.

Customer Information	
*1	Contact
*2	Company
3	Address
*4	Phone, Fax, Email
*5	Date
6	Project Reference
*7	Quotation or Order
*8	Quotation Required by [date]?
Turbine Meter	
*9	Product(s) being measured
*10	Flow rate range (min, max)
*11	Pipe Line Size
*12	End connection (NPT, flange)
*13	Temperature range
*14	Pressure range
If Product is Gas	
*15	Molecular Weight
*16	Specific Gravity
Electronics	
*17	Display required
*18	Distance between turbine and electronics (15 ft max)
Output (all models include Pulse output)	
*19	4-20 mA (835 only)
*20	Rate Alarm (881 only)
*21	Pulse Amplification (881 only)
22	Output connected to?
Preferred/Recommended Product(s)	
23	Based on the above information, which Product(s) are preferred/recommended?
Installation Details	
24	<u>Site:</u> Name, Location
25	Contact Name
26	Contact phone, fax, email, etc.
27	Installation Company
*28	Date Equipment required
29	Installation Condition (new, used, in-service)
30	Internal Use: DCM, OS, IS
